hello, dear friends! today I want to put you in
the atmosphere of great discoveries without
which our life would be boring and not
interesting! have a nice time

* 1. Who discovered the gravitation? *

- Isaac Newton

- Archimed

- Josef Black

- Galileo Galilei

2. When did Isaac Newton discover
the gravitation?

-1789

-1664

-1680

-1500

3. What fell on Isaac Newton's head
once?

 -blackberry

 -pineapple

 -apple

 -stone

4. What Physical experiments did Benjamin Franklin make?

♥ - experiments with water

♥ - experiments with energy

♥ - experiments with electricity

5. Who discovered the process of pasteurization in 1860?

-Aristotel

-Louis Pasteur

-James Watt

* 6. What did Sergei Prokudin-Gorskii develop? *

* -telephone *

* -colour picture camera *

* -bucket *

* -ball *

7. When did the Era of colour photo start?

✓-1389

✓-1567

✓-1905

✓-1888

8. What was given the creator of bicycle?

-money

-cake

-freedom

-book

9. Who created the Incandescent lamp truthfully?

* ● -Isaac Newton

* ● -Edison

* ● -Alexandr Lodygin

10. What was the profession of Gleb Kotelnikov, the creator of Parachute?

-teacher

-doctor

-baker

-actor

11. What did Vladimir
Demikhov create for the
world?

-bicycle

-Artificial heart

-automatic machine

-computer

*
*
★-TV
*

★-radio

*
★-anesthesia

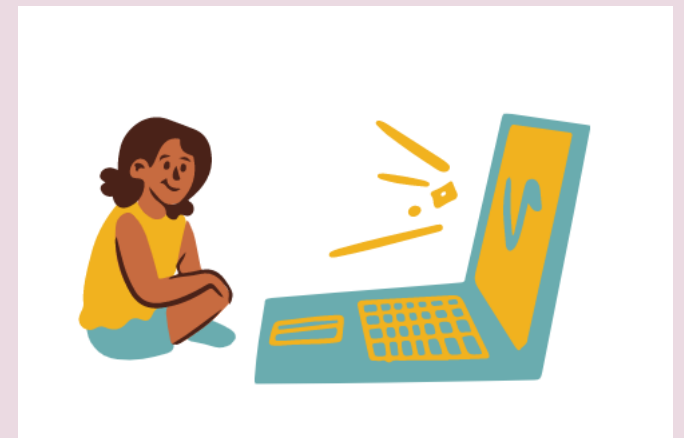

*
★-plane
*

12. What was the
discovery of the great
Russian surgeon
Nicolay Pirogov?
